MAY DAY 2012

We are in the middle of a massive battle. Workers are resisting attacks on pensions, jobs and conditions in the public and private sectors.

The Government are even hitting the disabled whilst the bankers get massive pay outs. There have been important fightback victories using a range of tactics notably the sparks/plumbers etc in construction.

Our strength was shown on November 30 last year – a strength from unity.

Workers across Europe and the world are fighting the same battles.

The resistance in Greece inspiring all.

May Day is the day to bring together all the different struggles – resisting divide and rule tactics. 1 4 all and all 4 1. May Day is the day for united action.

Unity is our strength.
